WORLD MISSIONS

My times are in your hands.—Psalm 31:15a

JOHN AND PHYLLIS

Due to the spread of the coronavirus—which to date has touched every continent except Africa and South America—our partners, John and Phyllis, have been forced to delay their return to their host country. Sadly, the spread of the illness has affected transportation into and out of their city—making re-entry difficult. Praise the Lord that it appears the mortality rate of the virus is lower than the common influenza bug they encounter annually. However, the coronavirus is highly transmissible—especially among the elderly and very young. Please pray that the Lord will intervene in this health crisis, bring healing, and protect more people from being exposed and infected. Please pray also for the economic fall-out from the measures taken by the government to deal with the virus. This and poor morale have especially affected John and Phyllis' friends and co-laborers. The couple is very anxious to get back to their friends. Your prayers are coveted for John and Phyllis as they seek the Lord's wisdom to discern the right time to return overseas.
